Prepclean Forever Wet EU Safety Data Sheet

according to Regulation (EC) No. 1907/2006 (REACH) with its amendment Regulation (EU) 2015/830

Date of issue: 02/06/2020

Version: 2.0

V 6131011. Z.U										
Section 9 - Physical and chemical properties										
9.1. Information on basic physical and chemical properties										
Physical State	Odor	Appearance	рН	Melting Point/Range	Boiling Point					
Humectant	Odorless	Clear	6-8	No data available	>100C					
Flash Point	Flammability Limits	Vapor Pressure	Specific Gravity	Water Solubility	Flammable Properties					
No data available	No data available	No data available	0.90-1.10	Soluble	Not Flammable					

9.2. Other information VOC Content (%) No information available Flammability Limits in Air No data available

Section 10 - Stability and reactivity

10.1. Reactivity. No data available.

10.2. Chemical stability. Stable under normal conditions.

10.5. Incompatible materials. No information available.

10.3. Possibility of hazardous reactions None under normal processing.

10.6. Hazardous decomposition products None under normal use.

Section 11 - Toxicological information

11.1. Information on toxicological effects

 Inhalation
 Based on available data, the classification criteria are not met.

 Eye Contact
 Based on available data, the classification criteria are not met.

 Skin Contact
 Based on available data, the classification criteria are not met.

 Ingestion
 There is no data available for this product.

Delayed and immediate effects and also chronic effects from short and long-term exposure

Carcinogenicity
Based on available data, the classification criteria are not met.

Chronic Toxicity
Based on available data, the classification criteria are not met.

Section 12 – Ecological information 12.1. Toxicity Ecotoxicity The product is not expected to be hazardous to the environment. Persistence and Degradability No information available. Bioaccumulation The product does not contain any substances expected to be bioaccumulating. Other Adverse Effects No information available.

12.2. Persistence and degradability

The surfactant(s) contained in this preparation complies(comply) with the biodegradability criteria as laid down in Regulation (EC) No.648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the Member States and will be made available to them, at their direct request or at the request of a detergent manufacturer.

12.3. Bioaccumulative potential: No information available.

12.5. Results of PBT and vPvB assessment No information available.

12.4. Mobility in soil Adsorbs on soil. 12.6. Other adverse effects None known

Section 13 - Disposal considerations

13.1. Waste treatment methods: Waste from Residues / Unused Products Dispose of in accordance with local regulations. Contaminated Packaging Empty containers should be taken to an approved waste handling site for recycling or disposal.

Section 14 – Transport information								
14.1 UN number N/A	Ground: Non-Hazardous	14.4 Packing group N/A	Product Regulated for Transport No					
14.2 UN proper shipping name N/A	Sea: IMDG Class: Non-Hazardous	14.5 Environmental hazards N/A	14.7 Transport in bulk according to Annex II of					
14.3 Transport hazard class(es)	Air: ICAO/IATA Class: Non-Hazardous	14.6 Special precautions for user N/A	MARPOL 73/78 and the IBC Code: N/A					

Section 15 - Regulatory information 15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

EU Legislation: The UN Globally Harmonized System (GHS) Safety Data Sheet format (Annex IV) is implemented as Annex II of REACH EU No 2015/830 of 20th May 2015 amending regulation (EC) No 1907/2006. Detergent Regulation (EC) No. 648/2004

Section 16 - Other information

Full text of H-phrases referred to under Sections 3: N/A

The percentages reflected in section 3 of this SDS represents the levels of hazardous components in the mixture.

General Disclaimer

The information provided on this SDS is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guide for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered as a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other material or in any process, unless specified in the text.
